- **portfolio assignments** please contact Dr. Ginsburg;
- **interprofessional education requirements** please contact Dr. Young
- **all other concerns** please contact Professor Burkett

COURSE SECTIONS

There are multiple sections for this course. Students will be grouped in their same teams from the P1 year.

THE FOUNDATIONS OF PROFESSIONAL DEVELOPMENT (FPD) COURSE SERIES

The goal of the FPD course sequence is to provide in-depth education and training to promote personal and professional development of students. The FPD courses are built on six interdependent pillars: Self-Awareness, Professionalism, Leadership, Career Development and Planning, Contemporary Issues in Practice, and Interprofessional Collaborative Practice (ICP). These courses employ a series of seminars, team-based workshops, and interprofessional learning experiences to inculcate students into the College of Pharmacy and profession of pharmacy. Class sessions will focus on self-awareness, professionalism, leadership development, career planning and decision-making, contemporary issues in pharmacy practice, and interprofessional collaboration.

Goals for the FPD Series are to provide a mechanism by which:

1. (Module I) Students will establish a solid foundation to develop self-awareness through the use of various tools and assessment mechanisms to identify personal attributes, learning styles, personalities, and behaviors.
2. (Module II) Students set the foundation for personal professional identify formation, professional socialization, and comprehensive understanding of the role of pharmacists in healthcare.
3. (Module III) Students can develop leadership skills necessary to advance patient care and advocate for the profession of pharmacy.
4. (Module IV) Students will apply knowledge of self as a guide to career development and planning. Various career options and practice requirements will be presented throughout the FPD course sequence.
5. (Module V) Contemporary Issues in Practice will provide an avenue for career exploration and understanding of emerging roles for pharmacists in healthcare.
6. (Module VI) Students will engage in interprofessional education (IPE) activities with students from other professions in preparation for interprofessional collaborative practice (ICP) aimed at delivering quality and safe patient-centered and community/population-oriented care.

**COURSE OBJECTIVES**

By the completion of this course, students should be able to:

1. Implement a defined, systematic process to explore various careers in pharmacy. (Modules I, II, & IV)
2. Utilize knowledge of self to assist with career development and planning. (Modules I, II, & IV)
3. Identify the (postgraduate) education, training, and certifications needed for various careers in pharmacy in the context of personal qualities, skills, competencies and self-awareness. (Modules I, II, & IV)
4. Relate a personalized understanding of professional development expectations (e.g., professional and ethical behavior, leadership) to real-life examples of a professional in pharmacy. (Modules II, & III)
5. Further develop a plan for personal and professional development for the purpose of individual growth. (Modules I and II)
6. Demonstrate personal self-awareness through the use of techniques such as reflection and critical thinking. (Modules I and III)
7. Evaluate your personal skill set and development opportunities relative to leadership development. (Modules I and II)
8. Identify contemporary pharmacy practice issues and their impact on career planning and knowledge of the healthcare enterprise. (Modules IV and V)
9. Course objectives for IPE portion of course, please see IPE syllabus.

Learning methods include reflective writing, threaded discussion, team exercises, collaboration, ongoing interaction, and connection with each other, faculty mentors, facilitators, and practitioners.

**COURSE DESCRIPTION**

In PHM 282T, students will participate in sessions involving only pharmacy students (i.e., pharmacy sessions) which are scheduled every Friday from noon to 1 PM in the pharmacy building. Students will complete different requirements for the interprofessional education component of this course. The IPE requirements consist of completion of online modules, asynchronous online interaction with medical students, attendance at discussion sessions, and completion of an approved IPE activity. Please note there are uniquely different requirements and course policies for the pharmacy and interprofessional components. There are two syllabi for this course, one for the pharmacy component and the other for the IPE requirements.

**COURSE REQUIREMENTS: PHARMACY SESSIONS (EVERY FRIDAY; NOON – 1 PM)**

1. **Attendance.** Regular and *prompt* attendance at all class meetings is required.

   Attendance will be taken at the beginning of each class by distribution of a class roster and may be verified by the use of Canvas®. Falsifying the roster by signing for another student is considered scholastic dishonesty and will be dealt with accordingly. The signed class roster will be considered an official university document.

   Any student who arrives to class after the session has started will be counted absent for that day.
Students are allowed two absences for the semester—“excused” or “unexcused”—it does not matter. Absences beyond the two allowed will result in the final course grade dropping by one letter grade for each absence beyond the two allowed. Regardless of the reason for the absence, students will be required to view the lecture and complete required assignments by the original published deadlines.

Notifying the AA and/or course coordinator is recommended for any absence. Although the attendance policy does not indicate a need for course coordinator approval of any absence, any extenuating circumstances can be handled more appropriately when relevant information explaining the reason for the absence can be provided by the student. Any resulting action will occur at the discretion of the course coordinator.

“College-approved" absences are not necessarily "instructor-approved". Students are required to get approval from their instructors to miss other courses for participation in Introductory Pharmacy Practice Experiences (IPPE), Know Your Medicine (KYM), and Project Collaborate participation.

2. Community Service/IPPE. This course provides two (2) Patient Care IPPE hours, 0 hours of simulation and 0.5 hours of reflection toward the student’s overall Introductory Pharmacy Practice Experience (IPPE) requirement. Students will be required to complete two (2) hours of health-related community service in an approved activity. Events that count towards the required hours must take place in the current semester, or may precede the current semester with prior approval from Dean Ridings-Myhra. Hours cannot carry over. Hours earned after the semester deadline cannot be used retroactively to meet the requirement for that semester. Activities will be health-related with a preference for those that include interactions with other health professionals. A list of approved activities will be posted on the course Canvas website. The list will be updated based on availability of new activities. Project Collaborate and Know Your Medicine events are automatically approved. Students can find the calendar of events for Project Collaborate and KYM events on the college’s Community Outreach website at http://sites.utexas.edu/phr-student-orgs/community-outreach/ Simulation activities may not count as IPPE hours. If a student wishes to complete an activity that is not on the approved list, the student must submit a description of the activity via the Request for Approval of an Event form directly to Sherrie Bendele s.bendele@austin.utexas.edu at least three weeks prior to the activity for approval. The description must include the sponsoring organization, a description of the activity, the date of the activity, and the name and contact information for the individual overseeing the experience. Activities not submitted via the official form at least three weeks prior to the event will not be approved. If the activity involves the provision of pharmaceutical care, the person overseeing the activity must be a licensed pharmacist and listed as a preceptor with the Texas State Board of Pharmacy.

The following rules govern any IPPE activity:

a. Students may not be paid for participation in any experiential activity (this includes IPPEs and APPEs). To earn experiential hours during employment hours is a violation of accreditation standards, and will result in penalties as determined by the Dean’s Office.

b. Falsification of hours constitutes academic dishonesty and will be dealt with accordingly, and could result in failure of the course.

c. Students should follow the site’s or activity’s instructions for use of cell/smart phones and other electronic devices. Inappropriate use of these devices may result in disciplinary action against the student.

Prior to undertaking IPPE activities in this course, the student will review the American Association of Colleges of Pharmacy Center for the Advancement of Pharmacy Education (CAPE) 2013 Educational
Outcomes. Upon completion of the activity, students will complete the IPPE Verification Form and have the person overseeing the activity sign the form to document the hours. Then, students will upload the IPPE hour sheet into the appropriate assignment in Canvas®. Students should verify that submitted hours have been recorded appropriately. Keep the paper version for your records in case there are any questions.

Failure to complete IPPE hours and submit IPPE verification forms prior to the stated deadline below will result in a letter grade deduction for the course. Failure to complete IPPE hours and submit IPPE verification forms prior to 5 p.m. on the last day of class for the semester will result in an F in the course and thus delayed progression through the curriculum by one year, since you must pass FPD III in order to progress to FPD IV and enroll in the first semester of the P3 year.

All hours must be completed by _____________ 2018.

3. Course Assignments. The University of Texas at Austin (UTA) uses Canvas as the learning management system (LMS) for the University. Canvas is the official LMS for PHM 282T. Students will have access to two Canvas sites for this course:
   - Canvas site for PHM 282T – sessions with pharmacy students only
   - Canvas site shared with interprofessional programs

   All course communications and assignments will be conducted through Canvas. Students can access Canvas from the UTA home page (http://www.utexas.edu/) by selecting the link for “Resources” from the homepage and clicking on the tab for “Canvas” in the middle of the page. From the link, students can choose the “Canvas log in” button. Upon selecting that button, students will see the Canvas page for UTA (http://canvas.utexas.edu/). From the UTA Canvas page students can view Student tutorials and login into Canvas. Students are encouraged to view all the Canvas tutorials. Canvas tutorials can be found in the Canvas Training Center link (https://utexas.instructure.com/courses/633028). Please review the uploading documents to Canvas tutorial.

4. All course assignments are to be uploaded via Canvas unless otherwise instructed. Students are required to complete four major course assignments for the pharmacy specific portion of the course and additional assignments for the interprofessional component of PHM 282T. All activities are assigned through the use of the Canvas Assignment system. See the table below for the specific assignments and due dates. Faculty Reflection Reviewers (FRR) on a regular basis throughout the semester will review students’ assignments. Failure to submit assignments may result in failure of the course. Course assignments and any additional activities must be submitted (posted on Canvas) by 11:59 p.m. Central Daylight Time (CDT) on the due date. The evaluation of the four major course assignments will make up 50% of your course grade. Assignments and requirements for the interprofessional portion of PHM 282T will make up the other 50% of your course grade. Failure to post and/or submit each course assignment by the deadline will result in a 50% decrease in that assignment’s grade. If the assignment is not submitted by 11:59 p.m. on the fourth day after the deadline, the student will receive a grade of “0” on the assignment. Similar to the attendance policy stated above, any extenuating circumstances that may impact a student’s ability to submit an assignment on time will be handled on a case-by-case basis, and any resulting action will occur at the discretion of the course coordinator.

   Petition for Re-Evaluation of Reflection and/or ePortfolio Grading. Students that earn an “unacceptable grade” on a reflection and/or ePortfolio assignment may petition the course coordinator for a resubmission. The petition must be submitted within one week of receiving the rating for that particular
assignment. If the course coordinator grants the student’s petition, the student will submit a revised assignment to his or her faculty reviewer by the date and time set by the course coordinator.

If the faculty reviewer determines that the assignment submitted has improved and assigns a rating of “acceptable”, that rating will replace the original rating. Otherwise, the original rating of unacceptable will stand. Resubmissions cannot be used to remove a late assignment penalty.

Students are required to submit their reflection assignments to their AAA and Faculty Reflection Reviewer (FRR). Failure to submit to your assignment will result in a “0” for the assignment. The pharmacy assignment topics and due dates are as follows:

<table>
<thead>
<tr>
<th>Assignments</th>
<th>Due to AAA</th>
<th>Comments back from AAA</th>
<th>Due to FRR</th>

<td>Friday, April 27 Reviewed by Faculty Mentor</td>
</tr>
</tbody>
</table>

Detailed information for each assignment will be distributed via email in Canvas.

5. E-Portfolio. During the Foundations of Professional Development series of courses, the student will be expected to continue to build and maintain the two portfolios in Canvas: the Professional Development Portfolio (PDP) and Personal Life Plan (PLP). These portfolios will be your repository throughout your tenure at the college to document and track your personal and professional development, reflect on your educational and professional career achievements, and to assist with career planning and selection. During this course, you will be given specific instructions regarding documents and information to add to your portfolio. Your Faculty Mentor (FM) that was assigned during the Fall 2016 semester will continue to review your PDP and PLP and provide guidance and input as you progress through the Pharm.D. curriculum. You are required to complete the weekly reflections and post them in your PDP following presentations from the speakers during class sessions. Failure to post these reflections prior to the next class period and keeping up with your portfolio will result in a grade of “0” for this assignment. In addition, failure to update your PLP by the deadline required during the semester will result in a grade of “0” for this assignment.

6. Professional Classroom Decorum. All cell phones and other electronic devices must be silenced during lecture and interprofessional activities. Text messaging and e-mailing in class is prohibited. The use of cell phones, tablets, smart watches, and all other electronic devices is prohibited, unless specifically allowed for certain purposes and announced in advance of class.

The use of laptop computers is prohibited during class and interprofessional activities EXCEPT when required by the instructor or guest lecturer for that particular class day. Students should plan to download and print any slides they may wish to access for lecture in advance of class.
Dress Code is as follows:

a. Clean white lab jacket with nametag
b. Men: full length slacks, dress shirt or polo shirt (shirts must have collars)
c. Women: pants or skirts with blouses or dresses
d. No scrubs, shorts, jeans, sneakers, athletic shoes, flip-flops, caps or hats will be permitted.

Students are required to wear their white lab coats upon entering the classroom. Failure to wear a white coat and professional attire, as well as other violations of professional classroom decorum, will result in a warning on the first offense, either individually or corporately (in other words, if students are reminded to put their lab coats on as a class, that counts as a warning to all). Subsequent offenses will result in a 5% decrease in course grade per incident.

7. Class Recordings. If video recordings of a class are made available by the College of Pharmacy, they are intended solely for the purpose of review by students currently enrolled in that class. Faculty and students utilizing class video recordings should be careful to not compromise the privacy of either themselves or other users (http://registrar.utexas.edu/students/records/ferpa), or the rights of the presenter. Students are free to make their own recordings of lectures for personal use only unless specifically prohibited from doing so by the presenter. Any additional distribution of College - or student-generated recordings (regardless of format) is prohibited without the written and signed permission of the presenter and students identifiable on the recording.

8. Course Communications. Instructors will use Canvas, https://canvas.utexas.edu/, as the primary means of communication for course information. Students should check Canvas well in advance of each class period for any assignments due for that class. All lecture materials and web sites needed to access information for class will be posted in Canvas. Course grades will also be posted in Canvas. You can find Canvas support through the Canvas website home page.

E-mail is recognized as an official mode of university correspondence; therefore, you are responsible for reading your e-mail for university and course-related information and announcements. You are responsible to keep the university informed about changes to your e-mail address. You should check your e-mail regularly and frequently—daily is recommended, but at minimum twice a week—to stay current with university-related communications, some of which may be time-critical. You can find UT Austin’s policies and instructions for updating your e-mail address at http://www.utexas.edu/its/help/utmail/1564. Consequently “I didn’t see the e-mail” or returned mail and “Mailbox Full” or “user unknown” should not be a problem for any communication. Students are required to use their e-mail account that is part of their University record for course correspondence.

There are no required textbooks for this class.

9. Food Policy. Students may bring a lunch to class. All liquids must be in a resealable container. Items that may generate significant noise or odor that would impact others’ ability to concentrate on classroom activities are not permitted. You are responsible for making sure that your area is completely clean for the next class.

GRADING POLICY:

</tr>
</tbody>
</table>

Components of Course Grade*

- Reflection Assignments: 25%
- E-Portfolio Assignments: 25%
- IPE Portion of Course: 50%

*Other components of the final grade calculation: Keep in mind that absences beyond the two allowed (for the Friday noon sessions with pharmacy students only) will result in the lowering of five points on the final course grade for each absence. In addition, students who violate the professional classroom decorum (including tardiness) will receive a warning on the first offense. Subsequent offenses will result in a 5% decrease in course grade per incident. Attendance at all IPE-related sessions is mandatory. Students who do not attend all IPE-related sessions or complete remediation work by due date for approved absences will fail the IPE portion of the course and subsequently, FPD.

Refer to the IPE course syllabus for additional grading policy guidance. For example, pharmacy students with one unexcused absence are subject to course failure.

Writing Flag

The FPD course sequence carries two required University-level Writing Flags. Writing Flag courses are designed to give students experience with writing in an academic discipline. In this class, you can expect to write regularly during the semester, complete substantial writing projects, and receive feedback from your instructor to help you improve your writing. You will also have the opportunity to revise one or more assignments, and you may be asked to read and discuss your peers’ work. You should therefore expect a substantial portion of your grade to come from your written work. Writing Flag classes meet the Core Communications objectives of Critical Thinking, Communication, Teamwork, and Personal Responsibility, established by the Texas Higher Education Coordinating Board.

OTHER COURSE, COLLEGE OR UNIVERSITY POLICIES AND INFORMATION

Confidentiality of Student Information

Reflection assignments will be reviewed by a Faculty Mentor, and for coordination purposes only, assignments may also be viewed by Dr. Davis and Dr. Ginsburg. The AAA for this course provides assistance with attendance and verification of assignment submission. Therefore, the faculty and the AAA must complete FERPA training and are required to keep all student information confidential.

Scholastic Dishonesty and Standards of Ethical Conduct

The “Policy Statement on Ethical Conduct and Scholastic Integrity in the College of Pharmacy” reads as follows: “Pharmacy practitioners enjoy a special trust and authority based upon the profession’s commitment to a code of ethical behavior in its management of client affairs. The inculcation of a sense of responsible professional behavior is a critical component of professional education, and high standards of ethical conduct are expected of pharmacy students. Students who violate University rules on scholastic dishonesty not only violate that trust, but are also subject to disciplinary penalties, including failure of the course involved and dismissal from the College and/or University. Since dishonesty harms the individual, fellow students, and the integrity of the University and College of Pharmacy, policies on scholastic dishonesty will be strictly enforced.
Faculty and students of the College of Pharmacy have pledged their support to the Policy Statement on Ethical Conduct and Scholastic Integrity and the Code of Ethics that implements this Policy Statement. Upon entering the College of Pharmacy, students are asked to recite and sign the following pledge:

“As a student of the University of Texas College of Pharmacy, I have reviewed and hereby pledge my full support to the Honor Code. I pledge to be honest myself, and in order that the spirit and integrity of the Honor Code may endure, I pledge that I will make known to the appropriate authorities cases of dishonesty which I observe in the College of Pharmacy.”

The following oath will be included at the end of all class examinations. At the discretion of the instructor, the oath may also be required for other assignments, written reports, or papers:

“I have neither participated in nor witnessed any acts of academic dishonesty pertaining to this assignment.”

University of Texas Student Honor Code
As a student of The University of Texas at Austin, I shall abide by the core values of the University and uphold academic integrity. [http://www.utexas.edu/about-ut/mission-core-purpose-honor-code](http://www.utexas.edu/about-ut/mission-core-purpose-honor-code)

Oath of Pharmacist
Students are required to adhere to the principles that guide our profession including the oath taken by all pharmacist practitioners.

**Oath of Pharmacist**¹

“At this time, I vow to devote my professional life to the service of all humankind through the profession of pharmacy.
I will consider the welfare of humanity and relief of human suffering my primary concerns.
I will apply my knowledge, experience, and skills to the best of my ability to assure optimal drug therapy outcomes for the patients I serve.
I will keep abreast of developments and maintain professional competency in my profession of pharmacy.
I will maintain the highest principles of moral, ethical, and legal conduct.
I will embrace and advocate change in the profession of pharmacy that improves patient care.
I take these vows voluntarily with the full realization of the responsibility with which I am entrusted by the public.”

University of Texas Code of Conduct
The core values of The University of Texas at Austin are learning, discovery, freedom, leadership, individual opportunity, and responsibility. Each member of the university is expected to uphold these values through integrity, honesty, trust, fairness, and respect toward peers and community. [http://www.utexas.edu/about-ut/mission-core-purpose-honor-code](http://www.utexas.edu/about-ut/mission-core-purpose-honor-code)

Plagiarism
Information on (avoiding) plagiarism and related UT policies can be found at [http://deanofstudents.utexas.edu/sjs/acadint_plagiarism.php](http://deanofstudents.utexas.edu/sjs/acadint_plagiarism.php).

¹Developed by the American Pharmaceutical Association Academy of Students of Pharmacy/American Association of Colleges of Pharmacy Council of Deans (APhA-ASP/AACP-COD) Task Force on Professionalism; June 26, 1994 American Association of Colleges of Pharmacy 1426 Prince St. Alexandria, VA 22314 Phone: (703) 739-2330 Fax: (703) 836-8982 Email AACP
You are strongly encouraged to use the Undergraduate Writing Center (UWC), FAC 211, (512) 471-6222; http://uwc.utexas.edu if you are having problems with your writing. Faculty may refer you to the Center if they feel it would be beneficial or essential. The UWC offers free, individualized, expert help with writing for any UT undergraduate, by appointment or on a drop-in basis. These services are not just for writing that has "problems": Getting feedback from an informed audience is a normal part of a successful writing project. The UWC’s trained consultants work with students from every department on both academic and non-academic writing. Using methods that preserve the integrity of your work, they help you develop strategies to improve your writing and become a more independent writer. Whether you are writing a lab report, a resume, a term paper, a statement for an application, or your own poetry, UWC consultants will be happy to work with you.

The University of Texas at Austin provides upon request appropriate academic accommodations for qualified students with disabilities. Students with disabilities may request appropriate academic accommodations from the Division of Diversity and Community Engagement, Services for Students with Disabilities, at (512) 471-6259 (voice) or (512) 232-2937 (video phone) or http://ddce.utexas.edu/disability/.

In accordance with University of Texas at Austin policy, you must notify the course coordinator or teaching assistant of your pending absence from class at least fourteen days prior to the date of observance of a religious holy day. If you must miss a class, an examination, a work assignment, or a project in order to observe a religious holy day, you will be given an opportunity to complete the missed work within a reasonable time after the absence.

If you are worried about someone who is acting differently, you may use the Behavior Concerns Advice Line to discuss by phone your concerns about another individual’s behavior. This service is provided through a partnership among the Office of the Dean of Students, the Counseling and Mental Health Center (CMHC), the Employee Assistance Program (EAP), and the University of Texas Police Department (UTPD). Call (512) 232-5050 or visit http://www.utexas.edu/safety/bcal.

Occupants of buildings on the UT Austin campus are required to evacuate and assemble outside when a fire alarm is activated or an announcement is made. Please be aware of the following policies regarding evacuation: Familiarize yourself with all exit doors of the classroom and the building. Remember that the nearest exit door may not be the one you used when you entered the building.

If you require assistance to evacuate, inform me in writing during the first week of class. In the event of an evacuation, follow my instructions or those of class instructors. Do not re-enter a building unless you are given instructions by the Austin Fire Department, the UT Austin Police Department, or the Fire Prevention Services office.

Campus Carry
Students should familiarize themselves with the information provided by the University regarding the implementation of “Campus Carry” legislation. You will find an information sheet specifically for students (as well as sheets for parents, visitors, faculty, and staff) at http://campuscarry.utexas.edu/info-sheets.
