The College of Pharmacy at the University of Texas at Austin is ranked among the top three pharmacy programs in the country. As such, our students, faculty, and staff aim to be exemplars of intersectionally inclusive excellence through a rigorous approach to culturally responsive engagement in our ever-expanding global world and knowledge economy.

A climate conducive to learning and creating knowledge is the right of every person in our community. Bias, harassment and discrimination of any sort have no place here. If you notice an incident that causes concern, please contact the Campus Climate Response Team: diversity.utexas.edu/ccrt
