* This syllabus is appended by the documents COP Policies for Syllabi 2019 Final and University Policies for Syllabi 2019 Final found on the Syllabus page for this Canvas course.
Teaching Assistant: Name and contact information published in Canvas course

Advanced Academic Assistants: Names and contact information available from Dean Ridings-Myhra

For questions regarding:
- **attendance**, please contact the Teaching Assistant (contact information in Canvas).
- **community service/IPPE**, please contact Ms. Bendele.
- **portfolio/reflection assignments**, please contact assigned AAA first, then Dean Ridings-Myhra.
- **faculty mentors**, please contact Dean Duhon.
- **interprofessional education (IPE) requirements**, please contact Dr. Young.
- **all other questions**, please contact Dean Ridings-Myhra.

## Course Information

### Course Description
The goal of the FPD course sequence is to provide in-depth education and training to promote personal and professional development of students. The FPD courses are built on six interdependent pillars: Self-Awareness, Professionalism, Leadership, Career Development and Planning, Contemporary Issues in Practice, and Interprofessional Collaborative Practice (ICP). These courses employ a series of seminars, team-based workshops, and interprofessional learning experiences to inculcate students into the College of Pharmacy and profession of pharmacy. Class sessions will focus on self-awareness, professionalism, leadership development, career planning and decision-making, contemporary issues in pharmacy practice, and interprofessional collaboration.

### Course Prerequisites/Co-Requisites
Prerequisites for this course include completion of all previous Foundations of Professional Development courses.

### Course Learning Objectives (CAPE Objectives)
By the completion of this course, students should be able to:
1. Develop a plan for personal and professional development for the purpose of individual growth. (Modules I and II) (CAPE 4.1, 4.1.3)
2. Demonstrate personal self-awareness through the use of techniques such as reflection and critical thinking. (Modules I and III) (CAPE 4.1, 4.1.2)
3. Utilize knowledge of self to assist with career development and planning. (Modules I, II, & IV) (CAPE 4.1.3)
4. Evaluate and prioritize personal qualities, skills, competencies and self-awareness aspects essential to leadership effectiveness. (Modules I, II, & IV) (CAPE 4.1, 4.2.1)
5. Evaluate one’s personal skill set and development opportunities relative to leadership development. (Modules I and III) (CAPE 4.1, 4.2.1)

* This syllabus is appended by the documents COP Policies for Syllabi 2019 Final and University Policies for Syllabi 2019 Final found on the Syllabus page for this Canvas course.
6. Relate a personalized understanding of professional development expectations (e.g., professional and ethical behavior, leadership) to a real-life example of a professional in pharmacy. (Module II) (CAPE 4.1, 4.4, 4.4.3)

7. Identify contemporary pharmacy practice issues and their impact on career planning and knowledge of the healthcare enterprise. (Modules IV and V) (CAPE 4.4.5)

8. For the IPE portion of the course, please see IPE syllabus.

**Course Success**

Learning methods for the course include reflective writing, threaded discussions, team exercises, collaboration, ongoing interaction, and connection with each other, faculty mentors, advanced academic assistants (AAA), and practitioners. Attendance and active participation in class discussions will provide students with the opportunity to seek clarification and readily apply the material.

**Course Website**

This course uses Canvas, a Web-based course management system in which a password-protected site is created for each course. Canvas will be used to distribute course materials, to communicate, and to post grades. Canvas is available at [http://canvas.utexas.edu](http://canvas.utexas.edu). Support is provided by the ITS Help Desk at 475-9400 Monday through Friday 8 am to 6 pm.

**Course Communications**

Official course communications will take place in class, through e-mail and on the course Canvas website. Students are advised to configure their Canvas settings to forward course announcements to their official e-mail address. Canvas uses only the e-mail address listed on the official University of Texas directory, so please check the University’s online directory to ensure your e-mail address is listed correctly.

**Course Video Recordings**

A video capture system will be used in this course. The video streams are offered as a supplement to lecture attendance, not as a substitute. Therefore, if technical problems preclude recording the lecture, the lecture will not be re-recorded, but students are still responsible for the content of the lecture. Lecture recordings will be available for the balance of the semester unless otherwise specified. Do not expect to have access after the semester is over.

Faculty and students utilizing class video recordings should be careful to not compromise the privacy of either themselves or other users ([http://registrar.utexas.edu/students/records/ferpa](http://registrar.utexas.edu/students/records/ferpa)), or the rights of the presenter. Students are free to make their own recordings of lectures unless specifically prohibited from doing so by the presenter. Any additional distribution of College- or student-generated recordings (regardless of format) is prohibited without the written and signed permission of the presenter and students identifiable on the recording. Likewise, all course materials developed by the faculty member (handouts, PowerPoints, etc.) are the intellectual property of that faculty member and cannot be distributed further without the permission of that faculty member.

Video recordings of lectures can be streamed on campus or can be viewed off-campus using a DSL.

* This syllabus is appended by the documents COP Policies for Syllabi 2019 Final and University Policies for Syllabi 2019 Final found on the Syllabus page for this Canvas course. 1/17/20
broadband connection. Faculty are not in a position to troubleshoot video-streaming problems, so please do not ask them to do so; rather, please access the LRC’s help website at https://www.utexas.edu/pharmacy/help/ to address those problems. You will find additional information about the lecture capture system or can report technical issues at http://sites.utexas.edu/phr-lrc/

**Introductory Pharmacy Practice Experience**

*This course provides two (2) Patient Care IPPE hours, 0 hours of simulation and 0.5 hours of reflection toward the student’s overall Introductory Pharmacy Practice Experience (IPPE) requirement.*

**Community Service/IPPE:** Students will be required to complete two (2) hours of health-related community service in an approved activity. Events that count towards the required hours must take place in the current semester or may precede the current semester with prior approval from Dean Ridings-Myhra. Hours cannot carry over. Hours earned after the semester deadline cannot be used retroactively to meet the requirement for that semester. Activities will be health-related with a preference for those that include interactions with other health professionals. A list of approved activities will be posted on the course Canvas website. The list will be updated based on availability of new activities. Project Collaborate and Know Your Medicine events are automatically approved. Students can find the calendar of events for Project Collaborate and KYM events on the college’s Community Outreach website at http://sites.utexas.edu/phr-student-orgs/community-outreach/. Simulation activities may not count as IPPE hours. If a student wishes to complete an activity that is not on the approved list, the student must submit a description of the activity via the Request for Approval of an Event form (in Canvas) directly to phr-ippe@austin.utexas.edu at least three weeks prior to the activity for approval. This includes events that were approved in previous semesters. The description must include the sponsoring organization, a description of the activity, the date of the activity, and the name and contact information for the individual overseeing the experience. Activities not submitted via the official form at least three weeks prior to the event will not be approved. If the activity involves the provision of pharmaceutical care, the person overseeing the activity must be a licensed pharmacist and listed as a preceptor with the Texas State Board of Pharmacy.

The following rules govern any IPPE activity:

a. Students may not be paid for participation in any experiential activity (this includes IPPEs and APPEs). To earn experiential hours during employment hours is a violation of accreditation standards, and will result in penalties as determined by the Dean’s Office.
b. Falsification of hours or any additional information associated with the activity constitutes academic dishonesty and will be dealt with accordingly, and could result in failure of the course.
c. Students should follow the site’s or activity’s instructions for use of cell/smart phones and other electronic devices. Inappropriate use of these devices may result in disciplinary action against the student.

Prior to undertaking IPPE activities in this course, the student will review the American Association of Colleges of Pharmacy Center for the Advancement of Pharmacy Education (CAPE) 2013 Educational Outcomes. Upon completion of the activity, students will complete the IPPE Verification Form and have

* This syllabus is appended by the documents COP Policies for Syllabi 2019 Final and University Policies for Syllabi 2019 Final found on the Syllabus page for this Canvas course. 1/17/20
the person overseeing the activity sign the form to document the hours. Then, students will upload the IPPE hour sheet into the appropriate assignment in Canvas. Students should verify that submitted hours have been recorded appropriately. Keep the paper version for your records in case there are any questions.

All hours must be completed, and the IPPE Verification form submitted as a Canvas assignment, by 11:59 p.m. on Monday, April 27, 2019.

The third reflection assignment will require the student to reflect on this experience in relation to the CAPE Outcomes. It goes without saying that the activity must have taken place before the due date for the reflection. Students who submit IPPE verifications forms for an activity that occurs after the due date for the third reflection will receive a grade of “0” (zero) for the third reflection assignment.

**Failure to complete IPPE hours and submit IPPE verification forms prior to the stated deadline above will result in a letter grade deduction for the course. Failure to complete IPPE hours and submit IPPE verification forms prior to 11:59 p.m. on the last day of class for the semester will result in an F in the course.**

**Writing Flag**
The FPD course sequence carries two required University-level Writing Flags. Writing Flag courses are designed to give students experience with writing in an academic discipline. In this class, you can expect to write regularly during the semester, complete substantial writing projects, and receive feedback to help you improve your writing. You will also have the opportunity to revise one or more assignments, and you may be asked to read and discuss your peers’ work. You should therefore expect a substantial portion of your grade to come from your written work. Writing Flag classes meet the Core Communications objectives of Critical Thinking, Communication, Teamwork, and Personal Responsibility, established by the Texas Higher Education Coordinating Board.

The Writing Flag faculty committee also provides statements on Plagiarism and Academic Integrity and Plagiarism Detection Software:

**Plagiarism and Academic Integrity**

Using someone else’s work in your own writing without giving proper credit is considered plagiarism, a serious form of academic dishonesty that can result in severe penalties. Copying someone else’s work, buying a paper and submitting it as your own, copying and pasting text (even with changes), or borrowing images from an online source, are some examples of plagiarism. Even if you plagiarize accidentally, you can be held responsible and penalized.

Learning to cite sources appropriately is an important part of becoming a professional. When you are unsure about citation, you are encouraged to ask your instructor (who is already an expert in the discipline) what is appropriate in the context of your assignment. Consultants at The University Writing Center can also help you determine whether you are citing sources correctly—and they have helpful
guides online for using direct quotations and paraphrasing. Reviewing those skills will help you feel confident that you are handling sources professionally in your writing.

You can read the University’s definition of plagiarism and other forms of academic dishonesty in Sec. 11–402 of the Student Conduct Code. For more information, visit the Dean of Students’ site.

**Course Policies**

**Course Grading Policies***

<table>
<thead>
<tr>
<th>Assignments</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>FPD 3 Reflection Assignments @ 10</td>
<td>30</td>
</tr>
<tr>
<td>FPD 10 E-Portfolio Assignments @ 2</td>
<td>20</td>
</tr>
<tr>
<td>IPE 50 points subtotal</td>
<td>50</td>
</tr>
</tbody>
</table>

Course Grade – 100 Total Points

**NOTE:** Students must pass both the FPD (≥70%) and the IPE (pass) portions of the course in order to pass the entire course. If a student fails either portion of the course, failure of the entire course is assured.

*Other components of the final grade calculation: Keep in mind that absences beyond the two allowed will result in the deduction of five points from the final course grade for each absence. In addition, students who violate the professional classroom decorum (including tardiness) will receive a warning on the first offense. Subsequent offenses will result in a deduction of five points from the final course grade per incident. Failure of this course prevents progression to the P4 year, and thus automatically delays graduation by one year.

**NOTE** that Canvas total percentages in Grades do not take into account point deductions for absences, unprofessional conduct, etc. It is each student’s responsibility to keep up with this and know when the final grade may be in jeopardy.

**Course Grade**

Letter grades will be assigned according to the following scale:

<table>
<thead>
<tr>
<th>Score</th>
<th>Letter Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>89.50-100</td>
<td>A</td>
</tr>
<tr>
<td>79.50-89.49</td>
<td>B</td>
</tr>
<tr>
<td>69.50-79.49</td>
<td>C</td>
</tr>
<tr>
<td>59.50-69.49</td>
<td>D</td>
</tr>
<tr>
<td>&lt;59.50</td>
<td>F</td>
</tr>
</tbody>
</table>

Final course grades 0.5 or above will be rounded to the next highest grade, e.g., 89.50 = 90 = A for the course.

* This syllabus is appended by the documents COP Policies for Syllabi 2019 Final and University Policies for Syllabi 2019 Final found on the Syllabus page for this Canvas course.
Final course grades 0.49 or below will not be rounded to the next highest grade, e.g., 89.49 = B for the course. Both the FPD and IPE components of the course are used to calculate the final course grade.

Assignments
Students will have access to two Canvas sites for this course:
• the Canvas site for PHM 283 T FPD Monday (Pharmacy) class
• the Canvas site for IPE

All FPD Pharmacy course assignments are to be uploaded into the Professional Development Portfolio (PDP) or the Canvas course site or both as instructed for each assignment. Students are required to complete weekly assignments and three long-form reflections for the pharmacy specific portion of the course, and additional assignments for the interprofessional component of PHM 283T. All activities are assigned through the use of the Canvas Assignment system. See the table in this section for specific assignments and due dates. Weekly assignments, reflections and any additional activities must be submitted by 11:59 p.m. Central Time on the due date. When submitted in the portfolio:

1. the submission must be posted as a comment and made public so that it can be viewed by the AAA; AND
2. the submission must be entered in the right menu with the date and speaker. For example:
   2/17/20        SMIT Dr. Professor
   4/13/20        Career Speaker [name of career path]

Advanced Academic Assistants (AAA) or the Teaching Assistant (TA) will review students’ assignments on a weekly basis. The evaluation of all assignments, including the three reflections, make up 50% of the course grade. Assignments and requirements for the interprofessional portion of PHM 283T will make up the other 50% of the course grade but are posted to the IPE Canvas site or as instructed for that course.

Format for Reflections: Reflections will be written in the format used last semester. The reflection components and grading rubric are provided in Canvas. Reflections will be uploaded into the Canvas course Assignments section. Late penalties will be enforced as articulated in this section.

Failure to successfully submit or post each weekly assignment, update, reflection or other course requirement per the instructions above by the deadline will result in no credit, or “0”, for that assignment.

Failure to submit the initial draft of each long-form reflection by the stated deadline will result in a zero for the draft assignment grade. Late submissions will not receive AAA feedback. Failure to specifically notate the changes recommended by the AAA in the final submission will result in a 2.5-point deduction from the final assignment grade; therefore, a maximum of 2.5 points are available for the entire reflection grade.

Similar to the attendance policy stated above, any extenuating circumstances that may impact a
* This syllabus is appended by the documents COP Policies for Syllabi 2019 Final and University Policies for Syllabi 2019 Final found on the Syllabus page for this Canvas course.

1/17/20
student’s ability to submit an assignment on time will be handled on a case-by-case basis, and any resulting action will occur at the discretion of the course coordinator.

Petition for Re-Evaluation of Reflection or Weekly Assignment Grading: Students earning less than full credit on any assignment may petition the course coordinator for a resubmission. The petition must be submitted within one week of receiving the rating for that particular assignment. If the course coordinator grants the student’s petition, the student will submit a revised assignment to his or her AAA by the date and time set by the course coordinator. If the AAA determines that the assignment submitted has improved and assigns a rating of “acceptable”, the course coordinator will replace the original rating. Otherwise, the original rating of unacceptable will stand. Resubmissions cannot be used to remove a late assignment penalty.

The pharmacy assignment topics and due dates are as follows:

* This syllabus is appended by the documents COP Policies for Syllabi 2019 Final and University Policies for Syllabi 2019 Final found on the Syllabus page for this Canvas course. 1/17/20
Detailed information for assignments will be posted in Canvas.

E-Portfolio: During the Foundations of Professional Development series of courses, the student will be expected to maintain the Professional Development Portfolio (PDP) in Canvas. This portfolio will be your repository throughout your tenure at the college to document and track your personal and professional development, reflect on your educational and professional career achievements, and to assist with career planning and selection. Your faculty mentor will continue to review your PDP and provide guidance and input as you progress through the Pharm.D. Curriculum.

</tbody>
</table>

**Failure to upload a working link to your PDP into Canvas by Thursday, February 6 at 11:59 p.m. will result in a letter grade deduction in the course.**

Mentor Meeting: Students will be required to meet with their assigned faculty mentor during the month of April. Students are responsible for contacting their respective mentor and arranging a meeting time and date. Minimum elements of discussion are required, and faculty mentors will be required to sign a document verifying that the minimum elements were discussed. Students will then upload this document to the Assignments section of Canvas.

**Failure to submit the signed mentor meeting minimum elements form by Thursday, April 30 at 11:59 p.m. will result in a letter grade deduction for the course. Failure to submit this form prior to 11:59 p.m. on the last day of class for the semester will result in an F in the course.**

**Attendance**

PHARMACY SESSIONS every Monday, 9:00-9:50 a.m.
IPE SESSIONS as scheduled on Wednesdays, 9:00-9:50 a.m.
Regular and prompt attendance at all class meetings is required.

Attendance will be taken at the beginning of each class by distribution of a class roster. Falsifying the roster by signing for another student is considered scholastic dishonesty and will be dealt with accordingly. The signed class roster will be considered an official university document.

Signing in and then leaving class will be considered an absence. Any student who arrives to class after the speaker has started will be counted absent for that day.

**Students are allowed two absences for the semester—“excused” or “unexcused”—it does not matter. Five points will be deducted from the final course grade for each absence beyond the two allowed. Regardless of the reason for the absence, students will be required to view the lecture and complete required assignments by the original published deadlines.**

* This syllabus is appended by the documents COP Policies for Syllabi 2019 Final and University Policies for Syllabi 2019 Final found on the Syllabus page for this Canvas course. 1/17/20
The final day of class, Monday, May 4, 2020 is MANDATORY. An absence on this class date will result in a letter grade deduction in the overall course grade. This date does not count in the “two absence” policy.

Notifying the TA and/or course coordinator is highly recommended for any absence. Although the attendance policy does not indicate a need for course coordinator approval of any absence, extenuating circumstances can be handled more appropriately when relevant information explaining the reason for the absence can be provided by the student. Any resulting action will occur at the discretion of the course coordinator.

Attendance at “College-approved" absences are not necessarily "instructor-approved". Students are required to get approval from their instructors to miss other courses for participation in Introductory Pharmacy Practice Experience (IPPE), Know Your Medicine (KYM), and Project Collaborate participation.

Attendance at Professional Meetings: It is the student’s responsibility to ASK permission IN ADVANCE if planning to attend a professional meeting that would necessitate missing an exam, assignment, or other required course activity. It is at the discretion of the course coordinator as to whether to grant permission and allow the student to make up any missed work.

Classroom Expectations

Cell Phones: All cell phones and other electronic devices must be silenced and stowed during lecture and interprofessional activities. Text messaging and e-mailing in class is prohibited. The use of cell phones, tablets, smart watches, and all other electronic devices is prohibited, unless specifically allowed for certain purposes and announced in advance of class.

Laptops: The use of laptop computers is prohibited during class and interprofessional activities EXCEPT when required by the instructor or guest lecturer for that particular class day. Students should plan to download and print any slides they may wish to access for lecture in advance of class.

Food Policy: Students may bring a light breakfast to class. All liquids must be in a resealable container. Items that may generate significant noise or odor that would impact others’ ability to concentrate on classroom activities are not permitted. You are responsible for making sure that your area is completely clean for the next class.

Dress Code for Class

1. Clean white lab jacket with nametag
2. Men: full length slacks, dress shirt or polo shirt (shirts must have collars)
3. Women: pants or skirts with blouses or dresses
4. No scrubs, shorts, jeans, sneakers, athletic shoes, flip-flops, caps or hats will be permitted.

Students are required to wear their white lab coats during class starting at the beginning of class. Failure to wear a white coat and professional attire, as well as other violations of professional

* This syllabus is appended by the documents COP Policies for Syllabi 2019 Final and University Policies for Syllabi 2019 Final found on the Syllabus page for this Canvas course.
classroom decorum, will result in a warning on the first offense, either individually or corporately (in other words, if students are reminded to put their lab coats on as a class, that counts as a warning to all). Subsequent offenses will result in a 5 point decrease in course grade per incident.

### Exam Policies

**Milestone Examinations**

Students are required to complete the Pharmacy Curriculum Outcome Assessment (PCOA), a computer-based exam developed by the National Association of Boards of Pharmacy (NABP) that is mandated by both NABP and our pharmacy accrediting body, the Accreditation Council for Pharmacy Education (ACPE). The exam is scheduled for **Friday, January 24, 2020, 2:00PM-5:00PM with student check-in and seating occurring about one hour ahead of time**. NABP will provide the College with overall exam results as well as an individual report for each student containing detailed feedback about performance in specific areas. After results are received by the College, each student will have access to his/her own individual report. Compared to the previous two formative milestone examinations developed and administered by the College, the PCOA is a summative (i.e., high-stakes) examination, which means that students must achieve a passing score in order to progress to the P4 year. More information about the administration as well as the results of the PCOA has been communicated to students.

### Counseling and Mental Health

The Counseling and Mental Health Center (CMHC) provides counseling, psychiatric, consultation, and prevention services that facilitate students' academic and life goals and enhance their personal growth and well-being. Visit [https://cmhc.utexas.edu/](https://cmhc.utexas.edu/) for more information.

The College of Pharmacy provides a CARE counselor, Gretchen Rees. Her office is on the 2nd floor of the South Pharmacy building. For hours and other information, please see information on syllabus page for this Canvas course.
